## A WORD FROM OUR PRESIDENT

December 6<sup>th</sup> 2010

Hello members,

We started off this event season with the welcoming of our new Vice President Wayne Paterson, and new Trophy-Master Ray Kilby. Many thanks go to Phil Butt for a job well done in both positions previously. Also a warm welcome is extended to our new members Bill and Margaret Stocks and Laurie and Josie Westcott.

The classics are truly out of hibernation with a great run to Albury, where we enjoyed the hospitality of Alan and Beryle McKenzie and also Dave Zimmer, showing us their great displays. That was then followed by the Euroa Show 'n Shine on the way home, with a great line up of Club cars. To top the day off, Les Cross took home a trophy for his Sunliner.

The Bright Rod Run was very well attended by Club members this year, with lots of good weather, laughs and good cheer.

I was unable to attend the Wallan Car Show. But from all reports, I believe it was a very successful day with a lot of our members participating.

The Christmas Party was a fantastic day this year with around 80 meals served and the best roll up of cars I have seen in a long time. I would like to thank Mick for his outstanding efforts in putting this event together, along with all the others who helped, and also the girls for their beautifully arranged hampers and for the generous donations we received for the day, all helping to make it the great success that it was. Also my congratulations go to all the Trophy winners on the day.

Please keep an eye on the Forthcoming Events page for the runs coming up in the near future. The Drive-In Night at Coburg, the Fish and Chip Night at Altona, and the Great Escape to Tasmania, all in the new year.

Finally I now wish each and every member and their families a Merry Christmas and a safe and Happy New Year.

Keep on Cruising (in a Fifties Ford V8).

*Jim Pierce*

Your Club President.

## *From The Editors Desk:*

Well once again that time has come around and here we are with another issue of the Cussy Club Newsletter. Rob has typed his fingers to the bone again to produce another well presented newsletter. I was very pleased with the report from our member Terry Usher that was featured in the last newsletter and hopefully some of you will come forth with similar articles. We really do need more of you to become a little more involved in writing up the reports for the runs that we do, otherwise we will have a lot of blank pages in our newsletter, so get those pencils sharpened and be ready to do your bit for the Club. We do hope once again we have produced some interesting reading for you in this issue of the Club Newsletter.

Mick Breheny, Newsletter Editor & Rob Brereton, Assistant Newsletter Editor.

## NEW MEMBERS

We have two new memberships to welcome into the Club this newsletter, so let's all congratulate, Bill and Margaret Stocks from Hoppers Crossing with a Blue and White 58 Star Model Sedan, and Laurie and Josie Westcott from Wallan who are restoring a Black 57 Sedan.

---

### **Congratulations.**

Congratulations to Les & Sue Cross and to new parents Teneille and Glen on the arrival of their new baby and grandson, Baxter James. They are all doing fine. The Club wishes them all the best for now and the future.

## Club Banner Windscreen Shade

Are you interested in purchasing a Club Banner which you can hang on your wall, or even use as a sun shade on the windscreen of your car on hot days, which is also a great way to advertise the Club. The picture at right is actual size, (on the car that is) and they look great. Made of durable vinyl it should last you for years. If you would like to purchase one then please contact Mick Breheny on (03) , between 7 to 9 pm. They are \$80.00 each and measure approx 1600mmx500mm.

# HAPPY BIRTHDAY TO YOU

# Shepparton Swap Meet

**Sunday 12-9-2010**

*The day started of a bit iffy with the floods in that part of the world, but Sandra and I decided to go anyway. We had the usual coffee stops on the way and were surprised to see*

*all the very full dams and paddocks, even the cows had their gumboots on!*

*We arrived in Shepparton a bit late in the morning, 10:00am, but anyway we searched the swap meet for the elusive pieces. There was the usual array of goodies on offer and some Cusso stuff as well. The ground was a bit spongy underfoot but overall the organisers did a good job in the conditions they had.*

*We left there about 12:30pm with the usual truck load of goods on board and headed off to Nathalia to visit our daughter and then back to Shepparton before then heading for home.*

*Hope to see you all up there next year. Graedon and Sandra Munro.*

## **Bright Run 5th-8th November**

Jim and I always head off to the Bright Rod Run on the Friday and this year was no exception and the car of choice was the 64 Galaxie. A great day for a cruise, arriving at Porepunkah, where we stay, early afternoon, and catching up with other club members at the local pub for dinner, Mick & Debbie, Wayne & June, Bill & Margaret, Kevin & Jackie, Alan & Beryle & family, as well as guests. As usual a great meal and company. Saturday saw us perusing the cars and shops in Bright and this year there were a lot more 60s & 70s cars entered and on show. Catching up with Phil & Cherie, Jeff & Vicky were also there. A drive up to Harrierville and a few drinks at the pub was the calling of the afternoon, later we met up for a BBQ tea at the Caravan park.

Sunday was a lazy day, coffee and cars in the main street.

Phil & Cherie headed off over the top for an extended trip home, then for us it was back to the Porepunkah pub for dinner again, where Jim was thoroughly ear bashed and Mick and I came very close to a case of food poisoning, (what did I say before about great food), hopefully it was just a once off.

An amazing thunderstorm ensued which lit up the night sky like we had never seen before, I assume it was because of the mountains.

Monday morning saw the rest of us packing up and heading home, after another great weekend away.

Catch up soon. Helen.

## LUNCH AT THE KEILOR HOTEL SUNDAY 19TH SEPTEMBER 2010

The Keilor Hotel is an old favourite of the Cussy Club, having had quite a few meals there as a Club and they did not let us down with the meals. It has a great atmosphere and there is lots of history on display around the building.

This day saw Mick and Debbie Breheny in their MAD351, Kevin and Jackie Mulroney in their XY Ute, which just happens to be for sale, Graedon and Sandra Munro in their Star Model, Norm and Linda Myers in their 58 Star Model, Rob and Joan Brereton in their Modern Car and Jim and I in our 59 Star Model.

There was quite a humorous and lively discussion on what size glasses and pots were being served, (due to different shaped pots) and some just could not 'get it' until it was discovered that the size of the drinking vessel was actually printed on the bottom of it.

We are all creatures of habit and don't like being thrown a curve ball,

especially when we think that we are on the losing side.

Any way I think everybody ended up understanding the concept and went away happy about 4 hours later, (slow learners).

A most enjoyable way to spend a Sunday afternoon.

Good food, company and conversation.

Ciao Helen.

# NORTHERN EXPOSURE

## RUN TO ALBURY 1ST-2ND OCTOBER

Here we go off to Albury, Mick and Debbie, Wayne and June, Bill and Margie, then we met Jim and Helen at Glenrowan. Some more coffee and we're off cruisin. The Hume Highway is pretty boring but with Cussies cruisin

in front and back it's not so bad.

We arrive at our Albury motel in time for a can or two which turned into a good afternoon. We went next door to the pub for tea where we met Dave Zimmer and Alan and Beryle McKenzie, after which a good night was had by all. Saturday was off to the shops for

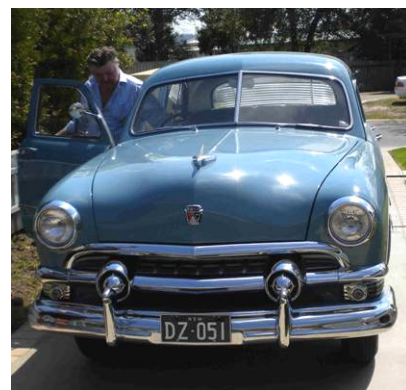

the girls, and the boys went to Andy's shed which was opened especially for us. Andy has been collecting memorabilia and vehicles for a loooong time. If you are ever in Albury make the effort to have a look as you will not be disappointed.

We called into Dave Zimmers to have a look at his bar and grille, most impressive also. Lunch was at Alan and Beryle's which turned into a great afternoon. The girls were very pleased with their

hand made soaps presented to them by Beryle, and by the way Collingwood won the grand final. We headed back to the motel for a rest and a few more cans, there seems to be a pattern emerging here with afternoons and cans. Tea was a simple walk next door to the pub, but we all decided we were toooooo full so an entree was ample.

Even though going to Albury was a little further than Euroa it was well worth the effort, and we must thank Alan and Beryle and Dave for their hospitality.

Mick Breheny.

# EUROA SHOW 'N SHINE

Sunday 3rd October 2010

After a couple of pleasant days in Albury Sunday started off with us cruizin down to Euroa from Albury which was a pleasant drive for the Breheny's, Pierce's, Stocks's, Paterson's, & McKenzie's. On our arrival at Euroa we met up with Norm and Linda, Joe and Bill, Les and Sue, Teneille and Glen, Rob and Marg, Graedon and Sandra, and Peter Auer.

It was a shame we were not on the banks of the river in amongst the trees and lush green grass like last year, but

due to the floods in the previous few days that was not possible this year. The organizers still did a fine job of setting up all the displays at the high school although some comments stated it was a bit dusty. We had a good show up of cars on

the day totalling twelve in all. They all looked splendid lined up together under the fairly warm and bright Sun.

Before the end of the day Les Cross won a trophy for Second Overall for his 59 convertible. Congratulations Les, well done. It was a great weekend but it was then time to head for home. Thanks to all who attended this run and hopefully we will see you all on the next run.

Mick and Debbie Breheny.

# CUSSY CHRISTMAS PARTY

## BEVERIDGE 5 - 12 - 2010

Joan and I headed off in the Cussy this overcast but warm Sunday morning for the Clubs Christmas Party at the Beveridge Recreational Reserve Hall. A couple of minutes before arriving we found Bill & Margie stranded on the roadside after their Cussy had spat out all its oil, and eventually it was towed home. We arrived at the hall with Bill and Margie and behind Wayne and June, a little later than anticipated, after our pleasant drive from Moorabbin, to find most members and their vehicles had already arrived. We lined up our Cussy with the others and then proceeded to greet every one with the usual Christmas cheer. You know the Cussies really do look good when they are all lined up together.

As the morning pressed on the ladies all chatted and the kids were occupied with the play equipment and the jumping castle which kept them out of the adults hair. The men inspected each others cars and discussed the finer points of each model over a stubby or two. Santa arrived on a fire truck to the great delight of all the kids, big and small and handed out all the presents.

It was then time for lunch. The caterers put on a great spread for us including a choice of three different hot meats to go with the hot jacket spuds and salads, and there was plenty for all. Once that bit was done the sweets were served up which everyone enjoyed immensely. It was really enjoyable to be able to sit back and let someone else serve up the food for you.

Next up the kids were surprised with little bags of lollies which hit the spot just right. Raffle tickets had been sold during the day and it was now time to draw the winners. There were quite a few tickets drawn and many members went away very pleased with winning something. There were too many winners to list here but I am sure they were all pleased. Also earlier all the vehicles were inspected by impartial judges to determine who would win the trophies for today. Again the list is too big to detail here but I am also sure each and everyone were very pleased with the trophies they won for the day. See the picture on the next page.

Well the time was pressing on and it being approx 4:00pm a few members decided it was time to head for home. Shortly after everyone else started to drift off home which ended a great Christmas Party with the Customline Club once again.

Merry Christmas and a Happy New Year to you all.  
Rob & Joan Brereton.

# CHRISSY PARTY SNAPS

# WALLAN CAR SHOW

## 21-11-2010

We started the day off very early at Wallan's Wellington Square Shopping Centre where we set up our cars for the day's showing. Eventually we managed a count five Customlines belonging to the Munroe's, Mulroney's, Myers, Brereton's and the Breheny's

plus a couple of visitors, Kevin and Brenda Sheppard, who owned a couple of very nice 56 Victorias.

After they were all lined up and looking great we attached our new Club banners to

the first and last cars to let everyone know just who we were. Laurie and Josie Westcott, a couple of our newer members, appeared shortly after to add to our numbers.

There were many admirers of our vehicles as well as admiring the rest of the great cars on show today. The range of vehicles was exceptional with all makes and models of Fords, Holdens, Chevys, etc, etc.

After a few hours and the clock hitting midday we all decided to head into the Blue Denim Café for lunch. Shortly after Rob and Marg Breheny arrived. After scoffing down some very enjoyable food plus a lot of chit chat it was time to head back out to the show for a bit more of a look around. After further admiring the many vehicles on

display we wandered back to our vehicles, where we answered many questions, from the passers by, about our Customlines.

The judging was carried out earlier in the day and it now being 2:00pm it was time to announce the trophy winners. Our vehicles were not quite lucky enough to win any trophies today but everyone who attended this day should be congratulated for putting on such a great display. Our visitor Brenda Sheppard was lucky enough though to win the trophy for the Best Ford for her 56 Victoria. The trophies were supplied by the Wellington Square Shopping Centre, and Alice

Ashworth the Centre Manager had organised a great day for us and all other entrants.

At the end of the day we all headed back to the Breheny's place for a few cool drinks, a bit more chit chat and a few more pictures of our cars lined up on Micks lawn area. We have even included a pic of our

support vehicle, Kevin's XY ute. Some time later everyone wandered off home to end what was a very enjoyable day out with the Customline Club once again.

Mick Breheny & Rob Brereton.

## Club Permit Scheme Update

VicRoads continue to progress the implementation of the new logbook system, with a planned start in February next year. They have appointed a Project Manager (a retired General Manager from VicRoads) who has maintained close contact with us and seeks input on most matters from the movement. A meeting was held recently with representatives from AOMC, the Street Rod Association and the Federation to discuss details of the proposed logbook, such as size, content etc and some useful suggestions have been put forward. The new Regulations were also outlined and since then these have been signed off by the Minister for adoption. These regulations are now available at the AOMC website ([www.aomc.asn.au](http://www.aomc.asn.au)), together with some explanatory notes which may help clarify some of the new clauses.

As has been indicated from the beginning of the review of the Permit Scheme, VicRoads have stated their intention to put in place a definition of club responsibilities in the operation of the scheme and to have a means of holding clubs accountable for any breaches of their obligations. This has always been seen as a reasonable requirement for the proper conduct of the scheme. This will be affected by a Letter of Agreement between each authorised club and VicRoads, acting in the same way as a commercial contract might.

The Letter of Agreement has now been issued to clubs with a request that it be signed and returned by 22<sup>nd</sup> December to facilitate the commencement of the new logbook system from February 2011. The letter identifies the following key requirements of clubs; That vehicles authorised by the club be eligible for the scheme and be safe for use on the road (as per current practice by way of RWC or club inspection). That the club will notify VicRoads if it becomes aware of a pattern of improper use of a permit, or of a member's vehicle remaining in an un-roadworthy state after being advised of a need for rectification.

That VicRoads will be notified if a CPS-authorised member ceases to be a member of the club or the club becomes aware that a vehicle has been sold without the logbook etc being destroyed, or has been subject to a false sale with an intention to misuse the scheme.

That the club will maintain a register of its CPS authorised members/vehicles and will, when requested by VicRoads undertake a comparison of these records against those of VicRoads. The method of conversion from the present scheme to the logbook system has also been determined. A key issue has been how to avoid any disadvantage to permit holders whose renewal date does not fall until later in 2011. It has therefore been agreed that all permit holders will be issued with a new logbook in February 2011 and can commence using the new system immediately. The logbook will be valid up to the normal renewal date for the permit, at which time a new logbook will be issued for the forthcoming twelve months. This is a very significant move to make the changeover as convenient as possible for all clubs and club members.

Meanwhile the question of how modified vehicles will be assessed for access to the Permit Scheme has been deferred and will be addressed by VicRoads and the peak bodies representing car clubs during 2011. As you know, AOMC intends to put forward proposals in regard to this on behalf of its member clubs in due course.

**Rod Amos.**  
**Vice President. AOMC.**

## **Notes on Club Permit Regulations 2010-2011.**

### **Reproduced from the AOMC web site.**

These notes have been prepared to explain the purpose and background of some of the provisions in the new Club Permit Scheme (CPS) regulations developed for the new logbook scheme. Most of the new Regulations will be self-explanatory with some explanatory notes where it seems some further clarification could assist clubs and their members.

### **Preliminary:**

In the first three pages items 1-9 are concerned with setting the context and noting adjustments to be made to the Road Safety (Vehicles) Regulations 2009, of which the specific CPS provisions are a part. Item 10 sets out the new Regulations 152 –157 for the CPS.

You may note that item 9 relates to the process of internal review available to clubs or permit holders whose interests may have been affected by a VicRoads decision. The main regulations also make provision for a further external review process available where a VicRoads decision is believed to be unjust. In simple terms it means that decisions affecting users of the scheme can be scrutinized.

### **New Regulations:**

#### **Definitions:**

Financial member: This definition does not exclude formally appointed life members of clubs, (they are deemed to have paid "applicable" dues, even if it is nothing).

Vehicle club: The exclusion does not intend to cover clubs who use the Internet as a principal way of communicating with members. The target is clubs that do not conduct the normal group activities associated with vehicle clubs, such as events, meetings or other such gatherings for the shared recreational use of hobby vehicles.

### **Regulations:**

155(1)(b) Club responsibility for verifying that a vehicle is safe for use will be the same as currently, i.e, by club inspection and a letter confirming the vehicle's state or by sighting a current **Certificate of Roadworthiness** for the vehicle.

155(1)(v) Reference to modifications has been included in anticipation of a possible new approach to this matter in the future. For the time being, the application form for the logbook scheme will (like the existing form) contain no reference to modifications. So, until such time as a new form is introduced - reflecting a new policy in this regard - no action will be required of clubs or applicants.

156(4) The new **CPS label** will be required to be applied in the same way as a normal registration label (to lower left of windscreen or to left side window, or in a holder if the former do not exist).

156(7) This refers to a facility whereby in the time between paying for a new permit and receiving the logbook, plates and label from VicRoads, a week or so later a vehicle may be driven for a limited number of days by recording usage on the part of the form retained by the applicant. This is another important arrangement proposed by AOMC and accepted by VicRoads.

However, given that the number of VicRoads offices that will be equipped to provide plates/logbook/label etc, at the time of payment is to be doubled from 5 to 10, the temporary logbook facility will only apply to applications lodged at the smaller offices.

157J Describes the introductory phase from early 2011, whereby all existing permit holders will be issued with a logbook to be used for the remaining period of their current permit. The present permit form will need to be carried with the logbook, in lieu of the permit label that will only be issued after the next renewal date.

These changeover arrangements represent a very fair and generous way of ensuring that all existing CPS users gain the benefit of the new system from the start.

**Rod Amos. AOMC.**

We are having a Picnic Afternoon this day where we can just have a yak and a laugh, kick some tyres and generally have a relaxing afternoon and be home in time for tea. Don't forget to bring some afternoon tea. Enter the park by the first gate off Gordons Rd and then turn next right and follow the road down to the picnic area.

Just a reminder to you all that we are always looking for new places to go to and see in our Cussies, so if you have any suggestions then please contact our Runs Co-ordinator Mick Breheny, and "make his day".
