

*49-59 Ford Customline Car Club of Vic.
General and Annual General Meetings
21-February-2021.
Held at the Epping RSL Club.*

Hi All, well here we are starting to get back to some normality whilst we still deal with this dreaded Covid mess.

Joan and I headed off to uncharted waters, this pleasant Sunday morning, being the Epping RSL Club for our Club's first General and Annual General Meeting since our last Club Run in March 2020. One hour and twenty

minutes later we arrived at the RSL to be greeted by those members already there with their Customlines, being eleven in total.

Shortly after eleven o'clock the meeting started with all the usual general stuff to clear up.

It was then time for the President's Trophy to be presented which was greatly accepted by Rob Brereton for his 15 years of service as the Clubs Newsletter Editor. Rob also commented that "this trophy could also be yours with a little effort".

A little more business was discussed then it was time to vote in the new Committee. The President asked Rob Brereton to take care of this and in no time we had the New Committee all settled and in control of the meeting.

Now would be the right time to thank Lorraine Carroll for all she has done for the Club in the President's position. Let's all now welcome our new President, Henk Mennen, and we hope he enjoys his term as President.

President and Mick Breheny as Runs Co-ordinator. Graham Bushby and Dave Healey have again taken on Facebook Administrators positions. Our Newsletter Editors position may

We must also thank all the other Committee Members for all the dedicated work they have done for the Club. We have a few members filling new positions such as Dave Healey as Vice

become redundant as the new combining of the Facebook Page and the Clubs Web Site may be able to cater for all the newsletter's needs.

All the other Committee positions stay as they were.

A bit more business was dealt with and then the meeting closed, at approx 1pm.

It was encouraging to see so many Club Members in attendance at our Meeting this day, being approx 30 members and this shows that the Club must be moving in the right direction to have this much support. I can recall back when it was difficult to get enough members to form a quorum so the meeting could proceed.

All members stayed after the meeting for lunch in the Bistro which was plentiful and filling, being topped off with desserts.

A bit more chatting was done around the vehicles and soon everyone started to head for home.

We arrived home at 4:30pm safe and sound again and the Cussy did a great job getting us there and back.

We will see you all again soon, Rob & Joan Brereton.
